Former § 423.1 repealed effective July 1, 2004, by 2003 Acts, 1st Ex, ch 2, § 151, 205

423.2 Tax imposed.

1. There is imposed a tax of five percent upon the sales price of all sales of tangible personal property, consisting of goods, wares, or merchandise, sold at retail in the state to consumers or users except as otherwise provided in this subchapter.

a. For the purposes of this subchapter, sales of the following services are treated as if they were sales of tangible personal property:

(1) Sales of engraving, photography, retouching, printing, and binding services.

(2) Sales of vulcanizing, recapping, and retreading services.

(3) Sales of prepaid telephone calling cards and prepaid authorization numbers.

(4) Sales of optional service or warranty contracts, except residential service contracts regulated under chapter 523C, which provide for the furnishing of labor and materials and require the furnishing of any taxable service enumerated under this section. The sales price is subject to tax even if some of the services furnished are not enumerated under this section. Additional sales, services, or use taxes shall not be levied on services, parts, or labor provided under optional service or warranty contracts which are subject to tax under this subsection.

If the optional service or warranty contract is a computer software maintenance or support service contract and there is no separately stated fee for the taxable personal property or for the nontaxable service, the tax imposed by this subsection shall be imposed on fifty percent of the sales price from the sale of such contract. If the contract provides for technical support services only, no tax shall be imposed under this subsection. The provisions of this subparagraph (4) also apply to the use tax.

(5) Renting of rooms, apartments, or sleeping quarters in a hotel, motel, inn, public lodging house, rooming house, mobile home which is tangible personal property, or tourist court, or in any place where sleeping accommodations are furnished to transient guests for rent, whether with or without meals. "*Renting*" and "*rent*" include any kind of direct or indirect charge for such rooms, apartments, or sleeping quarters, or their use. However, the tax does not apply to the sales price from the renting of a room, apartment, or sleeping quarters while rented by the same person for a period of more than thirty-one consecutive days.

b. Sales of building materials, supplies, and equipment to owners, contractors, subcontractors, or builders for the erection of buildings or the alteration, repair, or improvement of real property are retail sales of tangible personal property in whatever quantity sold. Where the owner, contractor, subcontractor, or builder is also a retailer holding a retail sales tax permit and transacting retail sales of building materials, supplies, and equipment, the person shall purchase such items of tangible personal property without liability for the tax if such property will be subject to the tax at the time of resale or at the time it is withdrawn from inventory for construction purposes. The sales tax shall be due in the reporting period when the materials, supplies, and equipment are withdrawn from inventory for construction purposes or when sold at retail. The tax shall not be due when materials are withdrawn from inventory for use in construction outside of Iowa and the tax shall not apply to tangible personal property purchased and consumed by the manufacturer as building materials in the performance by the manufacturer or its subcontractor of construction outside of Iowa. The sale of carpeting is not a sale of building materials. The sale of carpeting to owners, contractors, subcontractors, or

builders shall be treated as the sale of ordinary tangible personal property and subject to the tax imposed under this subsection and the use tax.

c. The use within this state of tangible personal property by the manufacturer thereof, as building materials, supplies, or equipment, in the performance of construction contracts in Iowa, shall, for the purpose of this subchapter, be construed as a sale at retail of tangible personal property by the manufacturer who shall be deemed to be the consumer of such tangible personal property. The tax shall be computed upon the cost to the manufacturer of the fabrication or production of the tangible personal property.

2. A tax of five percent is imposed upon the sales price of the sale or furnishing of gas, electricity, water, heat, pay television service, and communication service, including the sales price from such sales by any municipal corporation or joint water utility furnishing gas, electricity, water, heat, pay television service, and communication service to the public in its proprietary capacity, except as otherwise provided in this subchapter, when sold at retail in the state to consumers or users.

3. A tax of five percent is imposed upon the sales price of all sales of tickets or admissions to places of amusement, fairs, and athletic events except those of elementary and secondary educational institutions. A tax of five percent is imposed on the sales price of an entry fee or like charge imposed solely for the privilege of participating in an activity at a place of amusement, fair, or athletic event unless the sales price of tickets or admissions charges for observing the same activity are taxable under this subchapter. A tax of five percent is imposed upon that part of private club membership fees or charges paid for the privilege of participating in any athletic sports provided club members.

4. A tax of five percent is imposed upon the sales price derived from the operation of all forms of amusement devices and games of skill, games of chance, raffles, and bingo games as defined in chapter 99B, operated or conducted within the state, the tax to be collected from the operator in the same manner as for the collection of taxes upon the sales price of tickets or admission as provided in this section. Nothing in this subsection shall legalize any games of skill or chance or slot-operated devices which are now prohibited by law.

The tax imposed under this subsection covers the total amount from the operation of games of skill, games of chance, raffles, and bingo games as defined in chapter 99B, and musical devices, weighing machines, shooting galleries, billiard and pool tables, bowling alleys, pinball machines, slot-operated devices selling merchandise not subject to the general sales taxes and on the total amount from devices or systems where prizes are in any manner awarded to patrons and upon the receipts from fees charged for participation in any game or other form of amusement, and generally upon the sales price from any source of amusement operated for profit, not specified in this section, and upon the sales price from which tax is not collected for tickets or admission, but tax shall not be imposed upon any activity exempt from sales tax under section 423.3, subsection 78. Every person receiving any sales price from the sources described in this section is subject to all provisions of this subchapter relating to retail sales tax and other provisions of this chapter as applicable.

5. There is imposed a tax of five percent upon the sales price from the furnishing of services as defined in section 423.1.

7. *a.* A tax of five percent is imposed upon the sales price from the sales, furnishing, or service of solid waste collection and disposal service.

For purposes of this subsection, "*solid waste*" means garbage, refuse, sludge from a water supply treatment plant or air contaminant treatment facility, and other discarded waste materials and sludges, in solid, semisolid, liquid, or contained gaseous form, resulting from nonresidential commercial operations, but does not include auto hulks; street sweepings; ash; construction debris; mining waste; trees; tires; lead acid batteries; used oil; hazardous waste; animal waste used as fertilizer; earthen fill, boulders, or rock; foundry sand used for daily cover at a sanitary landfill; sewage sludge; solid or dissolved material in domestic sewage or other common pollutants in water resources, such as silt, dissolved or suspended solids in industrial wastewater effluents or discharges which are point sources subject to permits under section 402 of the federal Water Pollution Control Act, or dissolved materials in irrigation return flows; or source, special nuclear, or by-product material defined by the federal Atomic Energy Act of 1954.

A recycling facility that separates or processes recyclable materials and that reduces the volume of the waste by at least eighty-five percent is exempt from the tax imposed by this subsection if the waste exempted is collected and disposed of separately from other solid waste.

b. A person who transports solid waste generated by that person or another person without compensation shall pay the tax imposed by this subsection at the collection or disposal facility based on the disposal charge or tipping fee. However, the costs of a service or portion of a service to collect and manage recyclable materials separated from solid waste by the waste generator are exempt from the tax imposed by this subsection.

8. *a.* A tax of five percent is imposed upon the sales price from sales of bundled services contracts. For purposes of this subsection, a "*bundled services contract*" means an agreement providing for a retailer's performance of services, one or more of which is a taxable service enumerated in this section and one or more of which is not, in return for a consumer's or user's single payment for the performance of the services, with no separate statement to the consumer or user of what portion of that payment is attributable to any one service which is a part of the contract.

b. For purposes of the administration of the tax on bundled services contracts, the director may enter into agreements of limited duration with individual retailers, groups of retailers, or organizations representing

retailers of bundled services contracts. Such an agreement shall impose the tax rate only upon that portion of the sales price from a bundled services contract which is attributable to taxable services provided under the contract.

9. A tax of five percent is imposed upon the sales price from any mobile telecommunications service which this state is allowed to tax by the provisions of the federal Mobile Telecommunications Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. § 116 et seq. For purposes of this subsection, taxes on mobile telecommunications service, as defined under the federal Mobile Telecommunications Sourcing Act that are deemed to be provided by the customer's home service provider, shall be paid to the taxing jurisdiction whose territorial limits encompass the customer's place of primary use, regardless of where the mobile telecommunications service originates, terminates, or passes through and shall in all other respects be taxed in conformity with the federal Mobile Telecommunications Sourcing Act. 423.8 Legislative finding and intent.

The general assembly finds that Iowa should enter into an agreement with one or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce. It is the intent of the general assembly that entering into this agreement will lead to simplification and modernization of the sales and use tax law and not to the imposition of new taxes or an increase or decrease in the existing number of exemptions, unless such a result is unavoidable under the terms of the agreement.

Former § 423.8 repealed effective July 1, 2004, by 2003 Acts, 1st Ex, ch 2, § 151, 205

423.9 Authority to enter agreement and to represent the state.

The director is authorized and directed to enter into the streamlined sales and use tax agreement with one or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce.

The director is further authorized to take other actions reasonably required to implement the provisions set forth in this chapter. Other actions authorized by this section include, but are not limited to, the adoption of rules and the joint procurement, with other member states, of goods and services in furtherance of the

cooperative agreement.

The director or the director's designee is authorized to be a member of the governing board established pursuant to the agreement and to represent Iowa before that body.

423.10 Relationship to state law.

Entry into the agreement by the director does not amend or modify any law of this state. Implementation of any condition of the agreement in this state, whether adopted before, at, or after membership of this state in the agreement, shall be by action of the general assembly.

423.11 Agreement requirements.

The director shall not enter into the agreement unless the agreement requires each state to abide by the following requirements:

1. *Uniform state rate.* The agreement must set restrictions to achieve more uniform state rates through the following:
 - a. Limiting the number of state rates.
 - b. Limiting the application of maximums on the amount of state tax that is due on a transaction.
 - c. Limiting the application of thresholds on the application of state tax.
2. *Uniform standards.* The agreement must establish uniform standards for the following:
 - a. The sourcing of transactions to taxing jurisdictions.
 - b. The administration of exempt sales.
 - c. The allowances a seller can take for bad debts.
 - d. Sales and use tax returns and remittances.
3. *Uniform definitions.* The agreement must require states to develop and adopt uniform definitions of sales and use tax terms. The definitions must enable a state to preserve its ability to make policy choices not inconsistent with the uniform definitions.
4. *Central registration.* The agreement must provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all member states.
5. *No nexus attribution.* The agreement must provide that registration with the central registration system and the collection of sales and use taxes in the member states must not be used as a factor in determining whether the seller has nexus with a state for any tax.

6. *Local sales and use taxes.* The agreement must provide for reduction of the burdens of complying with local sales and use taxes through the following:

a. Restricting variances between the state and local tax bases.

b. Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes must not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions.

c. Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes.

d. Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions.

7. *Monetary allowances.* The agreement must outline any monetary allowances that are to be provided by the states to sellers or certified service providers.

8. *State compliance.* The agreement must require each state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member.

9. *Consumer privacy.* The agreement must require each state to adopt a uniform policy for certified service providers that protects the privacy of consumers and maintains the confidentiality of tax information.

10. *Advisory councils.* The agreement must provide for the appointment of an advisory council of private sector representatives and an advisory council of nonmember state representatives to consult with in the administration of the agreement.

The purpose of this subchapter is to provide for the administration and collection of sales or use tax on the part of retailers who are not registered under the agreement and for the collection of use tax on the part of consumers who are obligated to pay that tax directly. 423.14 Sales and use tax collection.

1. *a.* Sales tax, other than that described in paragraph "*c*", shall be collected by sellers who are retailers or by their agents. Sellers or their agents shall, as far as practicable, add the sales tax, or the average equivalent thereof, to the sales price or charge, less trade-ins allowed and taken and when added such tax shall constitute a part of the sales price or charge, shall be a debt from consumer or user to seller or agent until paid, and shall be recoverable at law in the same manner as other debts.

b. In computing the tax to be collected as the result of any transaction, the tax computation must be carried to the third decimal place. Whenever the third decimal place is greater than four, the tax must be rounded up to the next whole cent; whenever the third decimal place is four or less, the tax must be rounded downward to a whole cent. Sellers may elect to compute the tax due on transactions on an item or invoice basis. Sellers are not required to use a bracket system.

c. The tax imposed upon those sales of motor vehicle fuel which are subject to tax and refund under chapter 452A shall be collected by the state treasurer by way of deduction from refunds otherwise allowable under that chapter. The treasurer shall transfer the amount of such deductions from the motor vehicle fuel tax fund to the special tax fund.

2. Use tax shall be collected in the following manner:

a. The tax upon the use of all vehicles subject to registration or subject only to the issuance of a certificate of title or the tax upon the use of manufactured housing shall be collected by the county treasurer or the state department of transportation pursuant to sections 423.26 and 423.27. The county treasurer shall retain one dollar from each tax payment collected, to be credited to the county general fund.

b. The tax upon the use of all tangible personal property other than that enumerated in paragraph "*a*", which is sold by a seller who is a retailer maintaining a place of business in this state, or by such other retailer or agent as the director shall authorize pursuant to section 423.30, shall be collected by the retailer or agent and remitted to the department, pursuant to the provisions of paragraph "*e*", and sections 423.24, 423.29, 423.30, 423.32, and 423.33.

c. The tax upon the use of all tangible personal property not paid pursuant to paragraphs "*a*" and "*b*" shall be paid to the department directly by any person using the property within this state, pursuant to the provisions of section 423.34.

d. The tax imposed on the use of services enumerated in section 423.5 shall be collected, remitted, and paid to the department of revenue in the same manner as use tax on tangible personal property is collected, remitted, and paid under this subchapter.

e. All persons obligated by paragraph "*a*", "*b*", or "*d*", to collect use tax shall, as far as practicable, add that

tax, or the average equivalent thereof, to the purchase price, less trade-ins allowed and taken, and when added the tax shall constitute a part of the purchase price. Use tax which this section requires to be collected by a retailer and any tax collected pursuant to this section by a retailer shall constitute a debt owed by the retailer to this state. Tax which must be paid directly to the department, pursuant to paragraph "c" or "d", is to be computed and added by the consumer or user to the purchase price in the same manner as this paragraph requires a seller to compute and add the tax. The tax shall be a debt from the consumer or user to the department until paid, and shall be recoverable at law in the same manner as other debts.

423.15 General sourcing rules.

All sellers obligated to collect Iowa sales or use tax shall use the standards set out in this section to determine where sales of products occur, excluding sales enumerated in section 423.16. These provisions apply regardless of the characterization of a product as tangible personal property, a digital good, or a service, excluding telecommunications services. This section only applies to determine a seller's obligation to pay or collect and remit a sales or use tax with respect to the seller's sale of a product. This section does not affect the obligation of a purchaser or lessee to remit tax on the use of the product to the taxing jurisdictions in which the use occurs. A seller's obligation to collect Iowa sales tax or Iowa use tax only occurs if the sale is sourced to this state. The application of whether Iowa sales tax applies to sales sourced to Iowa depends upon where the sale is consummated by delivery.

1. Sales, excluding leases or rentals other than leases or rentals set out in subsection 2, of products shall be sourced as follows:

a. When the product is received by the purchaser at a business location of the seller, the sale is sourced to that business location.

b. When the product is not received by the purchaser at a business location of the seller, the sale is sourced to the location where receipt by the purchaser or the purchaser's donee, designated as such by the purchaser, occurs, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller.

c. When paragraphs "a" and "b" do not apply, the sale is sourced to the location indicated by an address for the purchaser that is available from the business records of the seller that are maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith.

d. When paragraphs "a", "b", and "c" do not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith.

e. When paragraphs "a", "b", "c", and "d" do not apply, including the circumstance where the seller is without sufficient information to apply the previous rules, then the location will be determined by the address from which tangible personal property was shipped, from which the digital good or the computer software delivered electronically was first available for transmission by the seller, or from which the service was provided disregarding for these purposes any location that merely provided the digital transfer of the product sold.

2. The lease or rental of tangible personal property, other than property identified in subsection 3 or section 423.16, shall be sourced as follows:

a. For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection 1. Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.

b. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection 1.

c. This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

3. The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of subsection 1, notwithstanding the exclusion of lease or rental in that subsection. *"Transportation equipment"* means any of the following:

a. Locomotives or railcars that are utilized for the carriage of persons or property in interstate commerce.

b. Trucks and truck-tractors with a gross vehicle weight rating of ten thousand one pounds or greater, trailers, semitrailers, or passenger buses that meet both of the following requirements:

(1) Are registered through the international registration plan.

(2) Are operated under authority of a carrier authorized and certificated by the United States department of transportation or another federal authority to engage in the carriage of persons or property in interstate commerce.

c. Aircraft that are operated by air carriers authorized and certificated by the United States department of transportation or another federal or a foreign authority to engage in the carriage of persons or property in interstate or foreign commerce.

d. Containers designed for use on and component parts attached or secured on the items set forth in paragraphs "a" through "c".

Section 423.15 does not apply to sales or use taxes levied on the following:

1. The retail sale or transfer of watercraft, modular homes, manufactured housing, or mobile homes, and the retail sale, excluding lease or rental, of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment, as defined in section 423.15, subsection 3.

2. The lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment, as defined in section 423.15, subsection 3, which shall be sourced in accordance with section 423.17.

3. Transactions to which the multiple points use exemption is applicable, which shall be sourced in

accordance with section 423.18.

4. Transactions to which direct mail sourcing is applicable, which shall be sourced in accordance with section 423.19.

5. Telecommunications services, as set out in section 423.20, which shall be sourced in accordance with section 423.20, subsection 2.

The lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment, as defined in section 423.15, subsection 3, shall be sourced as follows:

1. For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations.
2. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of section 423.15, subsection 1.
3. This section does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

423.18 Multiple points of use exemption forms.

A business purchaser that is not a holder of a direct pay tax permit pursuant to section 423.36 that knows at the time of its purchase of a digital good, computer software delivered electronically, or a service that the digital good, computer software delivered electronically, or service will be concurrently available for use in more than one jurisdiction shall deliver to the seller in conjunction with its purchase a "multiple points of use" or "MPU" exemption form disclosing this fact.

1. Upon receipt of the MPU exemption form, the seller is relieved of all obligation to collect, pay, or remit the applicable tax and the purchaser shall be obligated to collect, pay, or remit the applicable tax on a direct pay basis.
2. A purchaser delivering the MPU exemption form may use any reasonable, but consistent and uniform, method of apportionment that is supported by the purchaser's business records as they exist at the time of the consummation of the sale.
3. The MPU exemption form will remain in effect for all future sales by the seller to the purchaser except as to the subsequent sale's specific apportionment that is governed by the principle of subsection 2 and the facts existing at the time of the sale until it is revoked in writing.

4. A holder of a direct pay tax permit under section 423.36 shall not be required to deliver an MPU exemption form to the seller. A direct pay tax permit holder shall follow the provisions of subsection 2 in apportioning the tax due on a digital good, computer software delivered electronically, or service that will be concurrently available for use in more than one jurisdiction.

2003 Acts, 1st Ex, ch 2, §111, 205

423.19 Direct mail sourcing.

1. Notwithstanding section 423.15, a purchaser of direct mail that is not a holder of a direct pay tax permit pursuant to section 423.36 shall provide to the seller in conjunction with the purchase either a direct mail form or information to show the jurisdictions to which the direct mail is delivered to recipients.

a. Upon receipt of the direct mail form, the seller is relieved of all obligations to collect, pay, or remit the applicable tax and the purchaser is obligated to pay or remit the applicable tax on a direct pay basis. A direct mail form shall remain in effect for all future sales of direct mail by the seller to the purchaser until it is revoked in writing.

b. Upon receipt of information from the purchaser showing the jurisdictions to which the direct mail is delivered to recipients, the seller shall collect the tax according to the delivery information provided by the purchaser. In the absence of bad faith, the seller is relieved of any further obligation to collect tax on any transaction where the seller has collected tax pursuant to the delivery information provided by the purchaser.

2. If the purchaser of direct mail does not have a direct pay tax permit and does not provide the seller with either a direct mail form or delivery information, as required by subsection 1, the seller shall collect the tax according to section 423.15, subsection 1, paragraph "e". Nothing in this subsection shall limit a purchaser's obligation for sales or use tax to any state to which the direct mail is delivered.

3. If a purchaser of direct mail provides the seller with documentation of direct pay authority, the purchaser shall not be required to provide a direct mail form or delivery information to the seller.

2003 Acts, 1st Ex, ch 2, §112, 205

423.20 Telecommunications service sourcing.

1. As used in this section:

a. "Air-to-ground radiotelephone service" means a radio service, as that term is used in 47 C.F.R. § 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

b. "Call-by-call basis" means any method of charging for the telecommunications service where the price is measured by individual calls.

c. "Communications channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

d. "Customer" means the person or entity that contracts with the seller of the telecommunications service. If the end user of the telecommunications service is not the contracting party, the end user of the telecommunications service is the customer of the telecommunications service, but this sentence only applies for the purpose of sourcing sales of the telecommunications service under this section. "Customer" does not

include a reseller of a telecommunications service or for mobile telecommunications service of a serving carrier under an agreement to serve the customer outside the home service provider's licensed service area.

e. "*Customer channel termination point*" means the location where the customer either inputs or receives the communications.

f. "*End user*" means the person who utilizes the telecommunications service. In the case of an entity, "*end user*" means the individual who utilizes the service on behalf of the entity.

g. "*Home service provider*" means the same as that term is defined in the federal Mobile Telecommunications Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. § 124(5).

h. "*Mobile telecommunications service*" means the same as that term is defined in the federal Mobile Telecommunications Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. § 124(7).

i. "*Place of primary use*" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications service, "*place of primary use*" must be within the licensed service area of the home service provider.

j. "*Postpaid calling service*" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card, or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A "*postpaid calling service*" includes a telecommunications service that would be a prepaid calling service except it is not exclusively a telecommunications service.

k. "*Prepaid calling service*" means the right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the amount declines with use in a known amount.

l. "*Private communication service*" means a telecommunications service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations, and any other associated services that are provided in connection with the use of such channel or channels.

m. "*Service address*" means one of the following:

(1) The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid.

(2) If the location in subparagraph (1) is not known, "*service address*" means the origination point of the signal of the telecommunications service first identified by either the seller's telecommunications system or in information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

(3) If the locations in subparagraphs (1) and (2) are not known, the "*service address*" means the location of the customer's place of primary use.

2. Sales of telecommunications services shall be sourced in the following manner:

a. Except for the defined telecommunications services in paragraph "c", the sale of telecommunications services sold on a call-by-call basis shall be sourced to one of the following:

- (1) Each level of taxing jurisdiction where the call originates and terminates in that jurisdiction.
- (2) Each level of taxing jurisdiction where the call either originates or terminates and in which the service address is also located.

b. Except for the defined telecommunications services in paragraph "c", a sale of telecommunications services sold on a basis other than a call-by-call basis is sourced to the customer's place of primary use.

c. Sale of the following telecommunications services shall be sourced to each level of taxing jurisdiction as follows:

(1) A sale of mobile telecommunications services other than air-to-ground radiotelephone service or prepaid calling service is sourced to the customer's place of primary use as required by the federal Mobile Telecommunications Sourcing Act.

(2) A sale of postpaid calling service is sourced to the origination point of the telecommunications signal as first identified by either of the following:

(a) The seller's telecommunications system.

(b) Information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

(3) A sale of prepaid calling service is sourced in accordance with section 423.15. However, in the case of a sale of mobile telecommunications services that is a prepaid telecommunications service, the rule provided in section 423.15, subsection 1, paragraph "e", shall include as an option the location associated with the mobile telephone number.

(4) A sale of a private telecommunications service is sourced as follows:

(a) Service for a separate charge related to a customer channel termination point is sourced to each level of jurisdiction in which such customer channel termination point is located.

(b) Service where all customer termination points are located entirely within one jurisdiction or level of jurisdiction is sourced in such jurisdiction in which the customer channel termination points are located.

(c) Service for segments of a channel between two customer channel termination points located in different jurisdictions and which segments of a channel are separately charged is sourced fifty percent in each level of jurisdiction in which the customer channel termination points are located.

(d) Service for segments of a channel located in more than one jurisdiction or levels of jurisdiction and which segments are not separately billed is sourced in each jurisdiction based on the percentage determined by dividing the number of customer channel termination points in such jurisdiction by the total number of customer channel termination points.

2003 Acts, 1st Ex, ch 2, §113, 205

423.21 Bad debt deductions.

1. For the purposes of this section, "*bad debt*" means an amount properly calculated pursuant to section 166

of the Internal Revenue Code then adjusted to exclude financing charges or interest, sales or use taxes charged on the purchase price, uncollectible amounts on property that remain in the possession of the seller until the full purchase price is paid, expenses incurred in attempting to collect any debt, and repossessed property.

2. In computing the amount of tax due, a seller may deduct bad debts from the total amount upon which the tax is calculated for any return. Any deduction taken or refund paid which is attributed to bad debts shall not include interest.

3. A seller may deduct bad debts on the return for the period during which the bad debt is written off as uncollectible in the seller's books and records and is eligible to be deducted for federal income tax purposes. For purposes of this subsection, a seller who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectible in the seller's books and records and would be eligible for a bad debt deduction for federal income tax purposes if the seller were required to file a federal income tax return.

4. If a deduction is taken for a bad debt and the seller subsequently collects the debt in whole or in part, the tax on the amount so collected must be paid and reported on the return filed for the period in which the collection is made.

5. A seller may obtain a refund of tax on any amount of bad debt that exceeds the amount of taxable sales within the period allowed for refund claims by section 423.47. However, the period allowed for refund claims shall be measured from the due date of the return on which the bad debt could first be claimed.

6. For the purposes of computing a bad debt deduction or reporting a payment received on a previously claimed bad debt, any payments made on a debt or account shall be applied first to the price of the property or service and tax thereon, proportionally, and secondly to interest, service charges, and any other charges.

If the tax imposed and paid in the other state is equal to or more than the tax imposed by those subchapters, then a tax is not due in this state on the personal property or service.

A registration receipt for a vehicle subject to registration or certificate of title shall not be issued until the tax has been paid. The county treasurer or the state department of transportation shall require every applicant for a registration receipt for a vehicle subject to registration or certificate of title to supply information as the county treasurer or the director deems necessary as to the time of purchase, the purchase price, installed purchase price, and other information relative to the purchase of the vehicle or manufactured housing. On or before the tenth day of each month, the county treasurer or the state department of transportation shall remit to the department the amount of the taxes collected during the preceding month.

A person who willfully makes a false statement in regard to the purchase price of a vehicle subject to taxation under this section is guilty of a fraudulent practice. A person who willfully makes a false statement in regard to the purchase price of such a vehicle with the intent to evade the payment of tax shall be assessed a penalty of seventy-five percent of the amount of tax unpaid and required to be paid on the actual purchase price less trade-in allowance.

A registration receipt for a vehicle subject to registration or issuance of a certificate of title shall not be issued until the tax is paid in the initial instance. Tax on the lease transaction that does not require titling or registration of the vehicle shall be remitted to the department. Tax and the reporting of tax due to the department shall be remitted on or before fifteen days from the last day of the month that the vehicle lease tax becomes due. Failure to timely report or remit any of the tax when due shall result in a penalty and interest being imposed on the tax due pursuant to section 423.40, subsection 1, and section 423.42, subsection 1.

2. The amount subject to tax shall be computed on each separate lease transaction by taking the total of the lease payments, plus the down payment, and excluding all of the following:

- a.* Title fee.
- b.* Registration fees.
- c.* Vehicle lease tax pursuant to this section.

- h.* Refundable deposit.
- i.* Finance charges, if any, on items listed in paragraphs "*a*" through "*h*".

If any or all of the items in paragraphs "*a*" through "*i*" are excluded from the taxable lease price, the owner shall maintain adequate records of the amounts of those items. If the parties to a lease enter into an agreement providing that the tax imposed under this statute is to be paid by the lessee or included in the monthly lease payments to be paid by the lessee, the total cost of the tax shall not be included in the computation of lease price for the purpose of taxation under this section. The county treasurer, the state department of transportation, or the department of revenue shall require every applicant for a registration receipt for a vehicle subject to tax under this section to supply information as the county treasurer or director deems necessary as to the date of the lease transaction, the lease price, and other information relative to the lease of the vehicle.

3. On or before the tenth day of each month, the county treasurer or the state department of transportation shall remit to the department the amount of the taxes collected during the preceding month.

Motor vehicle or trailer dealers, in making their reports and returns to the department for the purpose of paying the sales tax, shall be permitted to deduct all sales prices from retail sales of vehicles subject to registration or subject only to the issuance of a certificate of title. Sales prices from sales of vehicles subject to registration or subject only to the issuance of a certificate of title are exempted from the sales tax, but, if required by the director, the sales prices shall be included in the returns made by motor vehicle or trailer dealers under subchapter II, and proper deductions taken pursuant to this section.

2003 Acts, 1st Ex, ch 2, §121, 205

423.29 Collections by sellers.

Every seller who is a retailer and who is making taxable sales of tangible personal property in Iowa shall, at the time of selling the property, collect the sales tax. Every seller who is a retailer maintaining a place of business in this state and selling tangible personal property for use in Iowa shall, at the time of making the sale, whether within or without the state, collect the use tax. Sellers required to collect sales or use tax shall give to any purchaser a receipt for the tax collected in the manner and form prescribed by the director.

Every seller who is a retailer furnishing taxable services in Iowa and every seller who is a retailer maintaining a place of business in this state and furnishing taxable services in Iowa or services outside Iowa if the product or result of the service is used in Iowa shall be subject to the provisions of the preceding paragraph.

2003 Acts, 1st Ex, ch 2, §122, 205

423.30 Foreign sellers not registered under the agreement.

The director may, upon application, authorize the collection of the use tax by any seller who is a retailer not maintaining a place of business within this state and not registered under the agreement, who, to the satisfaction of the director, furnishes adequate security to ensure collection and payment of the tax. Such sellers shall be issued, without charge, permits to collect tax subject to any regulations which the director shall prescribe. When so authorized, it shall be the duty of foreign sellers to collect the tax upon all tangible personal property sold, to the retailer's knowledge, for use within this state, in the same manner and subject to the same requirements as a retailer maintaining a place of business within this state. The authority and permit may be canceled when, at any time, the director considers the security inadequate, or that tax can more effectively be collected from the person using property in this state.

The discretionary power granted in this section is extended to apply in the case of foreign retailers furnishing services enumerated in section 423.2.

2003 Acts, 1st Ex, ch 2, §123, 205

423.31 Filing of sales tax returns and payment of sales tax.

1. Each person subject to this section and section 423.36 and in accordance with the provisions of this section

and section 423.36 shall, on or before the last day of the month following the close of each calendar quarter during which such person is or has become or ceased being subject to the provisions of this section and section 423.36, make, sign, and file a return for the calendar quarter in the form as may be required. Returns shall show information relating to sales prices including goods, wares, and services converted to the use of such person, the amounts of sales prices excluded and exempt from the tax, the amounts of sales prices subject to tax, a calculation of tax due, and any other information for the period covered by the return as may be required. Returns shall be signed by the retailer or the retailer's authorized agent and must be certified by the retailer to be correct in accordance with forms and rules prescribed by the director.

2. Persons required to file, or committed to file by reason of voluntary action or by order of the department, deposits of taxes due under this subchapter shall be entitled to take credit against the total quarterly amount of tax due such amount as shall have been deposited by such persons during that calendar quarter. The balance remaining due after such credit for deposits shall be entered on the return. However, such person may be granted an extension of time not exceeding thirty days for filing the quarterly return, upon a proper showing of necessity. If an extension is granted, such person shall have paid by the twentieth day of the month following the close of such quarter ninety percent of the estimated tax due.

3. The sales tax forms prescribed by the director shall be referred to as "retailers tax deposit". Deposit forms shall be signed by the retailer or the retailer's duly authorized agent, and shall be duly certified by the retailer or agent to be correct. The director may authorize incorporated banks and trust companies or other depositories authorized by law which are depositories or financial agents of the United States, or of this state, to receive any sales tax imposed under this chapter, in the manner, at the times, and under the conditions the director prescribes. The director shall prescribe the manner, times, and conditions under which the receipt of the tax by those depositories is to be treated as payment of the tax to the department.

4. Every retailer at the time of making any return required by this section shall compute and pay to the department the tax due for the preceding period. The tax on sales prices from the sale or rental of tangible personal property under a consumer rental purchase agreement as defined in section 537.3604, subsection 8, is payable in the tax period of receipt.

5. Upon making application and receiving approval from the director, a parent corporation and its affiliated corporations that make retail sales of tangible personal property or taxable enumerated services may make deposits and file a consolidated sales tax return for the affiliated group, pursuant to rules adopted by the director. A parent corporation and each affiliate corporation that files a consolidated return are jointly and severally liable for all tax, penalty, and interest found due for the tax period for which a consolidated return is filed or required to be filed.

A business required to file a consolidated sales tax return shall file a form entitled "schedule of consolidated business locations" with its quarterly sales tax return that shows the taxpayer's consolidated permit number, the permit number for each Iowa business location, the state sales tax amount by business location, and the amount of state sales tax due on goods consumed that are not assigned to a specific business location. Consolidated quarterly sales tax returns that are not accompanied by the schedule of consolidated business locations form are considered incomplete and are subject to penalty under section 421.27.

6. If necessary or advisable in order to insure the payment of the tax, the director may require returns and payment of the tax to be made for other than quarterly periods, the provisions of this section or other provision to the contrary notwithstanding.

2003 Acts, 1st Ex, ch 2, §124, 205

423.32 Filing of use tax returns and payment of use tax.

1. A retailer maintaining a place of business in this state who is required to collect or a user who is required

to pay the use tax or a foreign retailer authorized, pursuant to section 423.30, to collect the use tax, shall remit to the department the amount of tax on or before the last day of the month following each calendar quarterly period. However, a retailer who collects or owes more than fifteen hundred dollars in use taxes in a month shall deposit with the department or in a depository authorized by law and designated by the director, the amount collected or owed, with a deposit form for the month as prescribed by the director.

a. The deposit form is due on or before the twentieth day of the month following the month of collection, except a deposit is not required for the third month of the calendar quarter, and the total quarterly amount, less the amounts deposited for the first two months of the quarter, is due with the quarterly report on the last day of the month following the month of collection. At that time, the retailer shall file with the department a return for the preceding quarterly period in the form prescribed by the director showing the purchase price of the tangible personal property sold by the retailer during the preceding quarterly period, the use of which is subject to the use tax imposed by this chapter, and other information the director deems necessary for the proper administration of the use tax.

b. The return shall be accompanied by a remittance of the use tax for the period covered by the return. If necessary in order to ensure payment to the state of the tax, the director may in any or all cases require returns and payments to be made for other than quarterly periods. The director, upon request and a proper showing of necessity, may grant an extension of time not to exceed thirty days for making any return and payment. Returns shall be signed, in accordance with forms and rules prescribed by the director, by the retailer or the retailer's authorized agent, and shall be certified by the retailer or agent to be correct.

2. If it is reasonably expected, as determined by rules prescribed by the director, that a retailer's annual sales or use tax liability will not exceed one hundred twenty dollars for a calendar year, the retailer may request and the director may grant permission to the retailer, in lieu of the quarterly filing and remitting requirements set out elsewhere in this section, to file the return required by and remit the sales or use tax due under this section on a calendar-year basis. The return and tax are due and payable no later than January 31 following each calendar year in which the retailer carries on business.

3. The director, in cooperation with the department of management, may periodically change the filing and remittance thresholds by administrative rule if in the best interests of the state and taxpayer to do so.

2003 Acts, 1st Ex, ch 2, §125, 205

423.33 Liability of persons other than retailers for payment of sales or use tax.

1. *Liability of purchaser for sales tax.* If a purchaser fails to pay sales tax to the retailer required to collect the tax, then in addition to all of the rights, obligations, and remedies provided, the tax is payable by the purchaser directly to the department, and sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 apply to the purchaser. For failure to pay, the retailer and purchaser are liable, unless the circumstances described in section 421.60, subsection 2, paragraph "m", or section 423.45, subsection 4, paragraph "b" or "e", or subsection 5, paragraph "c" or "e", are applicable.

2. *Immediate successor liability for sales or use tax.* If a retailer sells the retailer's business or stock of goods or quits the business, the retailer shall prepare a final return and pay all sales or use tax due within the time required by law. The immediate successor to the retailer, if any, shall withhold a sufficient portion of the purchase price, in money or money's worth, to pay the amount of delinquent tax, interest, or penalty due and unpaid. If the immediate successor of the business or stock of goods intentionally fails to withhold the amount due from the purchase price as provided in this subsection, the immediate successor is personally liable for the payment of delinquent taxes, interest, and penalty accrued and unpaid on account of the operation of the business by the immediate former retailer, except when the purchase is made in good faith as provided in section 421.28. However, a person foreclosing on a valid security interest or retaking possession of premises under a valid lease is not an "immediate successor" for purposes of this section. The department

may waive the liability of the immediate successor under this subsection if the immediate successor exercised good faith in establishing the amount of the previous liability.

3. Event sponsor's liability for sales tax. A person sponsoring a flea market or a craft, antique, coin, or stamp show or similar event shall obtain from every retailer selling tangible personal property or taxable services at the event proof that the retailer possesses a valid sales tax permit or secure from the retailer a statement, taken in good faith, that property or services offered for sale are not subject to sales tax. Failure to do so renders a sponsor of the event liable for payment of any sales tax, interest, and penalty due and owing from any retailer selling property or services at the event. Sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 apply to the sponsors. For purposes of this subsection, a person sponsoring a flea market or a craft, antique, coin, or stamp show or similar event does not include an organization which sponsors an event less than three times a year or a state, county, or district agricultural fair.

2003 Acts, 1st Ex, ch 2, §126, 205

423.34 Liability of user.

Any person who uses any property or services enumerated in section 423.2 upon which the use tax has not been paid, either to the county treasurer or to a retailer or direct to the department as required by this subchapter, shall be liable for the payment of tax, and shall on or before the last day of the month next succeeding each quarterly period pay the use tax upon all property or services used by the person during the preceding quarterly period in the manner and accompanied by such returns as the director shall prescribe. All of the provisions of sections 423.32 and 423.33 with reference to the returns and payments shall be applicable to the returns and payments required by this section.

2003 Acts, 1st Ex, ch 2, §127, 205

423.35 Posting of bond to secure payment.

The director may, when necessary and advisable in order to secure the collection of the sales or use tax, authorize any person subject to either tax, and any retailer required or authorized to collect those taxes pursuant to the provisions of section 423.14, to file with the department a bond, issued by a surety company authorized to transact business in this state and approved by the insurance commissioner as to solvency and responsibility, in an amount as the director may fix, to secure the payment of any tax, interest, or penalties due or which may become due from such person. In lieu of a bond, securities approved by the director, in an amount which the director may prescribe, may be deposited with the department, which securities shall be kept in the custody of the department and may be sold by the director at public or private sale, without notice to the depositor, if it becomes necessary to do so in order to recover any tax, interest, or penalties due. Upon the sale, the surplus, if any, above the amounts due under this chapter shall be returned to the person who deposited the securities.

2003 Acts, 1st Ex, ch 2, §128, 205

423.36 Permits required to collect sales or use tax applications revocation.

1. A person shall not engage in or transact business as a retailer making taxable sales of tangible personal property or furnishing services within this state or as a retailer making taxable sales of tangible personal property or furnishing services for use within this state, unless a permit has been issued to the retailer under this section, except as provided in subsection 6. Every person desiring to engage in or transact business as a retailer shall file with the department an application for a permit to collect sales or use tax. Every application for a sales or use tax permit shall be made upon a form prescribed by the director and shall set forth any information the director may require. The application shall be signed by an owner of the business if a natural person; in the case of a retailer which is an association or partnership, by a member or partner; and in the case

of a retailer which is a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application, to which shall be attached the written evidence of the person's authority.

2. To collect sales or use tax, the applicant must have a permit for each place of business in the state of Iowa. The department may deny a permit to an applicant who is substantially delinquent in paying a tax due, or the interest or penalty on the tax, administered by the department at the time of application. If the applicant is a partnership, a permit may be denied if a partner is substantially delinquent in paying any delinquent tax, penalty, or interest. If the applicant is a corporation, a permit may be denied if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax, penalty, or interest.

3. The department shall grant and issue to each applicant a permit for each place of business in this state where sales or use tax is collected. A permit is not assignable and is valid only for the person in whose name it is issued and for the transaction of business at the place designated or at a place of relocation within the state if the ownership remains the same.

If an applicant is making sales outside Iowa for use in this state or furnishing services outside Iowa, the product or result of which will be used in this state, that applicant shall be issued one use tax permit by the department applicable to these out-of-state sales or services.

4. Permits issued under this section are valid and effective until revoked by the department.

5. If the holder of a permit fails to comply with any of the provisions of this subchapter or of subchapter II or III or any order or rule of the department adopted under those subchapters or is substantially delinquent in the payment of a tax administered by the department or the interest or penalty on the tax, or if the person is a corporation and if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax of the permit-holding corporation, or interest or penalty on the tax, administered by the department, the director may revoke the permit. The director shall send notice by mail to a permit holder informing that person of the director's intent to revoke the permit and of the permit holder's right to a hearing on the matter. If the permit holder petitions the director for a hearing on the proposed revocation, after giving ten days' notice of the time and place of the hearing in accordance with section 17A.18, subsection 3, the matter may be heard and a decision rendered. The director may restore permits after revocation. The director shall adopt rules setting forth the period of time a retailer must wait before a permit may be restored or a new permit may be issued. The waiting period shall not exceed ninety days from the date of the revocation of the permit.

6. Sellers who are not regularly engaged in selling at retail and do not have a permanent place of business, but who are temporarily engaged in selling from trucks, portable roadside stands, concessionaires at state, county, district, or local fairs, carnivals, or the like, shall report and remit the sales tax on a temporary basis, under rules the director shall provide for the efficient collection of the sales tax. This subsection applies to sellers who are temporarily engaged in furnishing services.

Persons engaged in selling tangible personal property or furnishing services shall not be required to obtain or retain a sales tax permit for a place of business at which taxable sales of tangible personal property or taxable performance of services will not occur.

7. The provisions of subsection 1, dealing with the lawful right of a retailer to transact business, as applicable, apply to persons having receipts from furnishing services enumerated in section 423.2, except that a person holding a permit pursuant to subsection 1 shall not be required to obtain any separate sales tax permit for the purpose of engaging in business involving the services.

8. *a.* Except as provided in paragraph "*b*", purchasers, users, and consumers of tangible personal property or enumerated services taxed pursuant to subchapter II or III of this chapter or chapters 423B and 423E may be

authorized, pursuant to rules adopted by the director, to remit tax owed directly to the department instead of the tax being collected and paid by the seller. To qualify for a direct pay tax permit, the purchaser, user, or consumer must accrue a tax liability of more than four thousand dollars in tax under subchapters II and III in a semimonthly period and make deposits and file returns pursuant to section 423.31. This authority shall not be granted or exercised except upon application to the director and then only after issuance by the director of a direct pay tax permit.

b. The granting of a direct pay tax permit is not authorized for any of the following:

(1) Taxes imposed on the sales, furnishing, or service of gas, electricity, water, heat, pay television service, and communication service.

(2) Taxes imposed under sections 423.26 and 423.27 and chapter 423C.

2003 Acts, 1st Ex, ch 2, §129, 205

423.37 Failure to file sales or use tax returns incorrect returns.

1. As soon as practicable after a return is filed and in any event within three years after the return is filed, the department shall examine it, assess and determine the tax due if the return is found to be incorrect, and give notice to the person liable for the tax of the assessment and determination as provided in subsection 2. The period for the examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return.

2. If a return required by this subchapter is not filed, or if a return when filed is incorrect or insufficient and the maker fails to file a corrected or sufficient return within twenty days after the same is required by notice from the department, the department shall determine the amount of tax due from information as the department may be able to obtain and, if necessary, may estimate the tax on the basis of external indices, such as number of employees of the person concerned, rentals paid by the person, stock on hand, or other factors. The department shall give notice of the determination to the person liable for the tax. The determination shall fix the tax unless the person against whom it is assessed shall, within sixty days after the giving of notice of the determination, apply to the director for a hearing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. At the hearing, evidence may be offered to support the determination or to prove that it is incorrect. After the hearing the director shall give notice of the decision to the person liable for the tax.

3. The three-year period of limitation provided in subsection 1 may be extended by a taxpayer by signing a waiver agreement form to be provided by the department. The agreement shall stipulate the period of extension and the tax period to which the extension applies. The agreement shall also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

2003 Acts, 1st Ex, ch 2, §130, 205

423.38 Judicial review.

1. Judicial review of actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

2. For cause and upon a showing by the director that collection of the tax in dispute is in doubt, the court may order the petitioner to file with the clerk a bond for the use of the respondent, with sureties approved by the clerk, in the amount of tax appealed from, conditioned that the petitioner shall perform the orders of the court.

3. An appeal may be taken by the taxpayer or the director to the supreme court of this state irrespective of the amount involved.

The penalty and interest shall be paid to the department and disposed of in the same manner as other receipts under this subchapter. Unpaid penalties and interest may be enforced in the same manner as the taxes imposed by this chapter.

The director or any duly authorized agent of the department may examine the books, papers, records, and equipment of any person either selling tangible personal property or services or liable for the tax imposed by this chapter, and investigate the character of the business of any person in order to verify the accuracy of any return made, or if a return was not made by the person, ascertain and determine the amount due under this chapter. All the provisions of section 422.26 shall apply in respect to the taxes and penalties imposed by subchapters II and III and this subchapter, except that, as applied to any tax imposed by subchapters II and III, the lien provided in section 422.26 shall be prior and paramount over all subsequent liens upon any personal property within this state, or right to such personal property, belonging to the taxpayer without the necessity of recording as provided in section 422.26. The requirements for recording shall, as applied to the taxes imposed by subchapters II and III, apply only to the liens upon real property. 423.45 Refunds exemption certificates.

1. If an amount of tax represented by a retailer to a consumer or user as constituting tax due is computed upon a sales price that is not taxable or the amount represented is in excess of the actual taxable amount and the amount represented is actually paid by the consumer or user to the retailer, the excess amount of tax paid shall be returned to the consumer or user upon notification to the retailer by the department that an excess payment exists.

2. If an amount of tax represented by a retailer to a consumer or user as constituting tax due is computed

upon a sales price that is not taxable or the amount represented is in excess of the actual taxable amount and the amount represented is actually paid by the consumer or user to the retailer, the excess amount of tax paid shall be returned to the consumer or user upon proper notification to the retailer by the consumer or user that an excess payment exists. "*Proper*" notification is written notification which allows a retailer at least sixty days to respond and which contains enough information to allow a retailer to determine the validity of a consumer's or user's claim that an excess amount of tax has been paid. No cause of action shall accrue against a retailer for excess tax paid until sixty days after proper notice has been given the retailer by the consumer or user.

3. In the circumstances described in subsections 1 and 2, a retailer has the option to either return any excess amount of tax paid to a consumer or user, or to remit the amount which a consumer or user has paid to the retailer to the department.

4. *a.* The department shall issue or the seller may separately provide exemption certificates in the form prescribed by the director, including certificates not made of paper, which conform to the requirements of paragraph "*c*", to assist retailers in properly accounting for nontaxable sales of tangible personal property or services to purchasers for a nontaxable purpose. The department shall also allow the use of exemption certificates for those circumstances in which a sale is taxable but the seller is not obligated to collect tax from the buyer.

b. The sales tax liability for all sales of tangible personal property and all sales of services is upon the seller and the purchaser unless the seller takes in good faith from the purchaser a valid exemption certificate stating under penalty of perjury that the purchase is for a nontaxable purpose and is not a retail sale as defined in section 423.1, or the seller is not obligated to collect tax due, or unless the seller takes a fuel exemption certificate pursuant to subsection 5. If the tangible personal property or services are purchased tax free pursuant to a valid exemption certificate which is taken in good faith by the seller, and the tangible personal property or services are used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes and shall remit the taxes directly to the department and sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 shall apply to the purchaser.

c. A valid exemption certificate is an exemption certificate which is complete and correct according to the requirements of the director.

d. A valid exemption certificate is taken in good faith by the seller when the seller has exercised that caution and diligence which honest persons of ordinary prudence would exercise in handling their own business affairs, and includes an honesty of intention and freedom from knowledge of circumstances which ought to put one upon inquiry as to the facts. In order for a seller to take a valid exemption certificate in good faith, the seller must exercise reasonable prudence to determine the facts supporting the valid exemption certificate, and if any facts upon such certificate would lead a reasonable person to further inquiry, such inquiry must be made with an honest intent to discover the facts.

e. If the circumstances change and as a result the tangible personal property or services are used or disposed of by the purchaser in a nonexempt manner or the purchaser becomes obligated to pay the tax, the purchaser is liable solely for the taxes and shall remit the taxes directly to the department in accordance with this subsection.

5. *a.* The department shall issue or the seller may separately provide fuel exemption certificates in the form prescribed by the director.

b. For purposes of this subsection:

(1) "*Fuel*" includes gas, electricity, water, heat, steam, and any other tangible personal property consumed in creating heat, power, or steam.

(2) *"Fuel consumed in processing"* means fuel used or consumed for processing including grain drying, for providing heat or cooling for livestock buildings or for greenhouses or buildings or parts of buildings dedicated to the production of flowering, ornamental, or vegetable plants intended for sale in the ordinary course of business, for use in aquaculture production, or for generating electric current, or in implements of husbandry engaged in agricultural production.

(3) *"Fuel exemption certificate"* means an exemption certificate given by the purchaser under penalty of perjury to assist retailers in properly accounting for nontaxable sales of fuel consumed in processing.

(4) *"Substantial change"* means a change in the use or disposition of tangible personal property and services by the purchaser such that the purchaser pays less than ninety percent of the purchaser's actual sales tax liability. A change includes a misstatement of facts in an application made pursuant to paragraph "d" or in a fuel exemption certificate.

c. The seller may accept a completed fuel exemption certificate, as prepared by the purchaser, for three years unless the purchaser files a new completed exemption certificate. If the fuel is purchased tax free pursuant to a fuel exemption certificate which is taken by the seller, and the fuel is used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes, and shall remit the taxes directly to the department and sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 shall apply to the purchaser.

d. The purchaser may apply to the department for its review of the fuel exemption certificate. In this event, the department shall review the fuel exemption certificate within twelve months from the date of application and determine the correct amount of the exemption. If the amount determined by the department is different than the amount that the purchaser claims is exempt, the department shall promptly notify the purchaser of the determination. Failure of the department to make a determination within twelve months from the date of application shall constitute a determination that the fuel exemption certificate is correct as submitted. A determination of exemption by the department is final unless the purchaser appeals to the director for a revision of the determination within sixty days after the date of the notice of determination. The director shall grant a hearing, and upon the hearing, the director shall determine the correct exemption and notify the purchaser of the decision by mail. The decision of the director is final unless the purchaser seeks judicial review of the director's decision under section 423.38 within sixty days after the date of the notice of the director's decision. Unless there is a substantial change, the department shall not impose penalties pursuant to section 423.40 both retroactively to purchases made after the date of application and prospectively until the department gives notice to the purchaser that a tax or additional tax is due, for failure to remit any tax due which is in excess of a determination made under this section. A determination made by the department pursuant to this subsection does not constitute an audit for purposes of section 423.37.

e. If the circumstances change and the fuel is used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes and shall remit the taxes directly to the department in accordance with paragraph "c".

f. The purchaser shall attach documentation to the fuel exemption certificate which is reasonably necessary to support the exemption for fuel consumed in processing. If the purchaser files a new exemption certificate with the seller, documentation shall not be required if the purchaser previously furnished the seller with this documentation and substantial change has not occurred since that documentation was furnished or if fuel consumed in processing is separately metered and billed by the seller.

6. Nothing in this section authorizes any cause of action by any person to recover sales or use taxes directly from the state or extends any person's time to seek a refund of sales or use taxes which have been collected and remitted to the state.

423.46 Rate and base changes.

The department shall make a reasonable effort to provide sellers with as much advance notice as practicable of a rate change and to notify sellers of legislative changes in the tax base and amendments to sales and use tax rules. Failure of a seller to receive notice or failure of this state to provide notice or limit the effective date of a rate change shall not relieve the seller of its obligation to collect sales or use taxes for this state.

2003 Acts, 1st Ex, ch 2, § 139, 205

423.47 Refunds and credits.

If it shall appear that, as a result of mistake, an amount of tax, penalty, or interest has been paid which was not due under the provisions of this chapter, such amount shall be credited against any tax due, or to become due, on the books of the department from the person who made the erroneous payment, or such amount shall be refunded to such person by the department. A claim for refund or credit that has not been filed with the department within three years after the tax payment for which a refund or credit is claimed became due, or one year after such tax payment was made, whichever time is the later, shall not be allowed by the director.

2003 Acts, 1st Ex, ch 2, § 140, 205

423.48 Responsibilities and rights of sellers registered under the agreement.

1. By registering under the agreement, the seller agrees to collect and remit sales and use taxes for all its taxable Iowa sales. Iowa's withdrawal from the agreement or revocation of its membership in the agreement shall not relieve a seller from its responsibility to remit taxes previously collected on behalf of this state.

2. The following provisions apply to any seller who registers under the agreement:

a. The seller may register on-line.

b. Registration under the agreement and the collection of Iowa sales and use taxes shall not be used as factors in determining whether the seller has nexus with Iowa for any tax.

c. If registered under the agreement with any other member state, the seller is considered to be registered in Iowa.

d. The seller is not required to pay registration fees or other charges.

e. A written signature from the seller is not required.

f. The seller may register by way of an agent. The agent's appointment shall be in writing and submitted to the department if requested by the department.

g. The seller may cancel its registration at any time under procedures adopted by the governing board established pursuant to the agreement. Cancellation does not relieve the seller of its liability for remitting any Iowa taxes collected.

3. The following additional responsibilities and rights apply to model sellers:

a. A model 1 seller's obligation to calculate, collect, and remit sales and use taxes shall be performed by its certified service provider, except for the seller's obligation to remit tax on its own purchases. As the seller's agent, the certified service provider is liable for its model 1 seller's sales and use tax due Iowa on all sales transactions it processes for the seller except as set out in this section. A seller that contracts with a certified

service provider is not liable to the state for sales or use tax due on transactions processed by the certified service provider unless the seller misrepresents the types of items or services it sells or commits fraud. In the absence of probable cause to believe that the seller has committed fraud or made a material misrepresentation, the seller is not subject to audit on the transactions processed by the certified service provider. A model 1 seller is subject to audit for transactions not processed by the certified service provider. The director is authorized to perform a system check of the model 1 seller and review the seller's procedures to determine if the certified service provider's system is functioning properly and the extent to which the seller's transactions are being processed by the certified service provider.

b. A model 2 seller shall calculate the amount of tax due on a transaction by the use of a certified automated system, but shall collect and remit tax on its own sales. A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to this state for underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system remains responsible and is liable to the state for reporting and remitting tax.

c. A model 3 seller shall use its own proprietary automated system to calculate tax due and collect and remit tax on its own sales. A model 3 seller is liable for the failure of its proprietary automated system to meet the applicable performance standard.

2003 Acts, 1st Ex, ch 2, § 141, 205

423.49 Returns.

1. All model 1, 2, or 3 sellers are subject to all of the following return requirements:

a. The seller is required to file only one return per month for this state and for all taxing jurisdictions within this state.

b. The date for filing returns shall be determined under rules adopted by the director. However, in no case shall the return be due earlier than the twentieth day of the following month.

c. The director shall request additional information returns. These returns shall not be required more frequently than every six months.

2. Any registered seller which does not have a legal obligation to register in this state and is not a model 1, 2, or 3 seller is subject to all of the following return requirements:

a. The seller is required to file a return within one year of the month of initial registration and shall file a return on an annual basis in succeeding years.

b. In addition to the return required in paragraph "*a*", if the seller accumulates more than one thousand dollars in total state and local tax, the seller is required to file a return in the following month.

c. The format of the return and the due date of the initial return and the annual return shall be determined under rules adopted by the department.

2003 Acts, 1st Ex, ch 2, § 142, 205

423.50 Remittance of funds.

1. Only one remittance of tax per return is required except as provided in this subsection. Sellers that collect more than thirty thousand dollars in sales and use taxes for this state during the preceding calendar year shall be required to make additional remittances as required under rules adopted by the director. The filing of a

return is not required with an additional remittance.

2. All remittances shall be remitted electronically.

3. Electronic payments may be made either by automated clearinghouse credit or automated clearinghouse debit. Any data accompanying a remittance must be formatted using uniform tax type and payment codes approved by the governing board established pursuant to the agreement. An alternative method for making same-day payments shall be determined under rules adopted by the director.

4. If a due date falls on a legal banking holiday in this state, the taxes are due on the succeeding business day.

2003 Acts, 1st Ex, ch 2, § 143, 205

423.51 Administration of exemptions.

1. The following provisions shall apply when a purchaser claims an exemption:

a. The seller shall obtain identifying information of the purchaser and the reason for claiming a tax exemption at the time of the purchase as determined by the member states acting jointly.

b. A purchaser is not required to provide a signature to claim an exemption from tax unless a paper certificate is used.

c. The seller shall use the standard form for claiming an exemption electronically as adopted jointly by the member states.

d. The seller shall obtain the same information for proof of a claimed exemption regardless of the medium in which the transaction occurred.

e. The department may authorize a system wherein the purchaser exempt from the payment of the tax is issued an identification number which shall be presented to the seller at the time of the sale.

f. The seller shall maintain proper records of exempt transactions and provide them to the department when requested.

g. The department shall administer entity-based and use-based exemptions when practicable through a direct pay tax permit, an exemption certificate, or another means that does not burden sellers. For the purposes of this paragraph:

(1) An "*entity-based exemption*" is an exemption based on who purchases the product or who sells the product.

(2) A "*use-based exemption*" is an exemption based on the purchaser's use of the product.

2. Sellers that follow the requirements of this section are relieved from any tax otherwise applicable if it is determined that the purchaser improperly claimed an exemption and that the purchaser is liable for the nonpayment of tax. This relief from liability does not apply to a seller who fraudulently fails to collect the tax or solicits purchasers to participate in the unlawful claim of an exemption.

2003 Acts, 1st Ex, ch 2, § 144, 205

423.52 Relief from liability for sellers and certified service providers.

Sellers and certified service providers are relieved from liability to this state or its local taxing jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the seller or certified service provider relying on erroneous data provided by this state on tax rates, boundaries, or taxing jurisdiction assignments. If this state provides an address-based system for assigning taxing jurisdictions whether or not pursuant to the federal Mobile Telecommunications Sourcing Act, the director is not required to provide liability relief for errors resulting from reliance on the information provided by this state.

2003 Acts, 1st Ex, ch 2, § 145, 205

423.53 Bad debts and model 1 sellers.

A certified service provider may claim, on behalf of a model 1 seller, any bad debt deduction as provided in section 423.21. The certified service provider must credit or refund the full amount of any bad debt deduction or refund received to the seller.

2003 Acts, 1st Ex, ch 2, § 146, 205

423.54 Amnesty for registered sellers.

1. Subject to the limitations in subsections 2 through 6, the following provisions apply:

a. Amnesty is provided for uncollected or unpaid sales or use tax to a seller who registers to pay or to collect and remit applicable sales or use tax on sales made to purchasers in this state in accordance with the terms of the agreement, provided the seller was not so registered in this state in the twelve-month period preceding the commencement of Iowa's participation in the agreement.

b. Amnesty precludes assessment of the seller for uncollected or unpaid sales or use tax together with penalty or interest for sales made during the period the seller was not registered in this state, provided registration occurs within twelve months of the commencement of Iowa's participation in the agreement.

c. Amnesty shall be provided to any seller lawfully registered under the agreement by any other member state prior to the date of the commencement of Iowa's participation in the agreement.

2. Amnesty is not available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and which audit is not yet finally resolved, including any related administrative and judicial processes.

3. Amnesty is not available for sales or use taxes already paid or remitted or to taxes collected by the seller.

4. Amnesty is fully effective absent the seller's fraud or intentional misrepresentation of a material fact as long as the seller continues registration and continues payment or collection and remittance of applicable sales or use taxes for a period of at least thirty-six months. The statute of limitations applicable to asserting a tax liability is tolled during this thirty-six month period.

5. Amnesty is applicable only to sales or use taxes due from a seller in its capacity as a seller and not to sales or use taxes due from a seller in its capacity as a buyer.

6. The director may allow amnesty on terms and conditions more favorable to a seller than the terms required by this section.

2003 Acts, 1st Ex, ch 2, § 147, 205

423.55 Databases.

The department shall provide and maintain databases required by the agreement for the benefit of sellers registered under the agreement.

2003 Acts, 1st Ex, ch 2, § 148, 205

423.56 Confidentiality and privacy protections under model 1.

1. As used in this section:

a. "Anonymous data" means information that does not identify a person.

b. "Confidential taxpayer information" means all information that is protected under this state's laws, rules, and privileges.

c. "Personally identifiable information" means information that identifies a person.

2. With very limited exceptions, a certified service provider shall perform its tax calculation, remittance, and reporting functions without retaining the personally identifiable information of consumers.

3. A certified service provider may perform its services in this state only if the certified service provider certifies that:

a. Its system has been designed and tested to ensure that the fundamental precept of anonymity is respected.

b. Personally identifiable information is only used and retained to the extent necessary for the administration of model 1 sellers with respect to exempt purchasers.

c. It provides consumers clear and conspicuous notice of its information practices, including what information it collects, how it collects the information, how it uses the information, how long, if at all, it retains the information, and whether it discloses the information to member states. This notice shall be satisfied by a written privacy policy statement accessible by the public on the official web site of the certified service provider.

d. Its collection, use, and retention of personally identifiable information is limited to that required by the member states to ensure the validity of exemptions from taxation that are claimed by reason of a consumer's status or the intended use of the goods or services purchased.

e. It provides adequate technical, physical, and administrative safeguards so as to protect personally identifiable information from unauthorized access and disclosure.

4. The department shall provide public notification of its practices relating to the collection, use, and retention of personally identifiable information.

5. When any personally identifiable information that has been collected and retained by the department or certified service provider is no longer required for the purposes set forth in subsection 3, paragraph "d", that information shall no longer be retained by the department or certified service provider.

6. When personally identifiable information regarding an individual is retained by or on behalf of this state, this state shall provide reasonable access by such individual to his or her own information in the state's possession and a right to correct any inaccurately recorded information.

7. This privacy policy is subject to enforcement by the department and the attorney general.

8. This state's laws and rules regarding the collection, use, and maintenance of confidential taxpayer information remain fully applicable and binding. Without limitation, the agreement does not enlarge or limit the state's or department's authority to:

- a.* Conduct audits or other review as provided under the agreement and state law.
 - b.* Provide records pursuant to its examination of public records law, disclosure laws of individual governmental agencies, or other regulations.
 - c.* Prevent, consistent with state law, disclosures of confidential taxpayer information.
 - d.* Prevent, consistent with federal law, disclosures or misuse of federal return information obtained under a disclosure agreement with the internal revenue service.
 - e.* Collect, disclose, disseminate, or otherwise use anonymous data for governmental purposes.
9. This privacy policy does not preclude the certification of a certified service provider whose privacy policy is more protective of confidential taxpayer information or personally identifiable information than is required by the agreement.

2003 Acts, 1st Ex, ch 2, § 149, 205
